HOW TO BOOK

YourLoveFilms BTS - 1

01

HEY.

We're YourLoveFilms, a Nashville-based wedding film team capturing love stories all across Tennessee (and wherever your day takes us).

We've been shooting film/videos for 5+ years, and it started with the kind of footage you don't plan — a dad steadying his voice before a toast, a best friend ugly-crying, a quiet 'you okay?' right before the ceremony. **The more we filmed, the more we realized something: photos are powerful, but film brings everything back.** The voices. The movement. The little in-between moments you didn't even notice were happening. A wedding film lets you relive your day, not just remember it.

Throughout this journey, we've found that we're best at telling stories of those who share a similar style to us. We're looking to work with couples who are just as non-traditional and carefree as we are. Couples who might be a little weird or dorky, but fully embrace it. If this sounds like you, we'd be absolutely stoked to capture your story and personalities.

Random facts about us:

- We're easygoing. Like really easygoing. This is great for you because we promise you won't feel awkward at any point during the day (you'll be too busy actually enjoying it).
- We're big believers in capturing audio the right way (vows + speeches are everything). If it made you cry or laugh on the wedding day, we want it in the film.
- If you're planning something modern, classic, or totally offbeat... we're in.

OUR PHILOSOPHY

We have a lot of couples who tell us they didn't want to hire a wedding videographer at first because they didn't want anything cheesy. And let's be honest - there are so many wedding videos out there that are cheesy. "Marry Me" by Train, anyone? How about "A Thousand Years" by Christina Perri?

This brings me to the point of why we call ourselves wedding filmmakers. We do not just show up with tripods and make a video highlighting your day. We dive deep into learning about you two, your personalities, your quirks. What makes you laugh, what makes you cry (we're with you during the most amazing times and stressful times of the day). When we understand those things, we are able to craft YOUR perfect film. One that embodies you two and only you two.

We don't follow cookie cutter templates or structures for our films. Every single one of our films is specifically tailored towards each couple and their vibe.

Here is an example of two very different couples with two vastly different films.

[Preview One](#) | [Preview Two](#)

We have so much love for our couples, and we really want to create a film that represents YOU. Not us. Not your parents. Not your friends. But you.

We invest so much time into every couple, from our initial meeting (Google Meet/FaceTime if we're not local to you), to the planning stages, to the day of, and finally delivery day. We're with you on this journey the entire way, and we'll take care of you. We got you.

One of the ways we are able to do this is by limiting the number of clients we take on every year, which is reflected in our pricing. This allows us to spend less time editing a huge backlog, and more time thinking creatively through every single film.

ADVENTURE SESSIONS (UP TO 2 HOURS)

*Everyday moments of you two just having fun and loving each other .
Intimate, real, with a laid back setting.*

An extra session spent adventuring around with us! This can be either before or after your wedding day. We'll follow you around just capturing you two doing your thing. Whether that's just lounging together at home, sippin' coffee and having pillow fights, or taking a sunset hike up the mountains. Or maybe it's a massive day after party! We'll incorporate these everyday moments into your film and we promise you will absolutely love it. It adds an element of depth and really tugs at those strings on your heart. If you'd like, we can also create a one minute film of just this session - many couples do this for an engagement or save the date film!

FAQ

HOW LONG IS YOUR TURNAROUND TIME?

We typically deliver our films within 30 days. However, we will never rush editing your film just to complete it by a certain date - we spend a great amount of time ensuring that every little detail is intentional and perfect.

HOW DO YOU ACCEPT PAYMENT, AND WHEN IS IT DUE?

We accept payment via Honeybook. We require a 50%, non-refundable booking fee at the signing of the contract to reserve your date and the final 50% one month before your wedding. We're also open to accepting Crypto as a payment!

DOES IT COST TO HAVE YOU TRAVEL?

Yes, and we want you to know that you are not paying for us to have a vacation. In fact, it's quite the opposite! To put it in perspective: We dedicate the entire day, before your wedding, to travelling . If there is any free time when we land, we spend it shooting establishing shots of the surrounding area to capture the ambience of the location of where you're getting married - not just your venue, but also the town, state, etc. We always choose the most affordable (and safest - funny story, ask us about it sometime) location to stay at in order to reduce the cost. After capturing your wedding, we spend an additional day traveling back home, usually not arriving until late in the night. A minimum of 3 days spent on any wedding outside of Middle Tennessee. We absolutely LOVE traveling, but it's definitely something to keep in mind. We don't charge for the time spent traveling - only travel expenses (flights, lodging, and transportation).

WHO CHOOSES THE MUSIC?

Due to copyright laws, we are only able to use music that we can license. However, the sites we license through have a great selection of music. Music selection is so important because it establishes the pacing for the film, so for this reason, we usually choose the song. We base our song choices off your own tastes, personalities, and the vibe of your actual wedding day.

HOW WILL YOU WORK WITH OUR PHOTOGRAPHER?

We’re fortunate to have worked with some amazing photographers and learned what works and what doesn’t. We always ask for your photographers information (usually Instagram). Then we’ll check out their work and shoot them a DM saying hey and how excited we are to shoot your wedding with them! This helps us establish rapport so that when the day of your wedding finally arrives (YAY!), we are already best friends with your photographer. Communication is key, and as long as we are both communicating with each other, there will be no problems.

DO YOU DIRECT OR POSE US?

A lot of people ask us how our couples look so natural and unposed in our films. The answer to this is that we direct to create moments rather than pose. While still photography can get away with posing, film is much different. We’ll give you cues to help create those natural, majestic shots that you see in our other films. However, we typically only direct during the portrait session and during “getting ready” if there is time. Throughout the rest of the day, we are capturing genuine emotion and moments.

I’M SO AWKWARD.

HOW WILL YOU FIX THAT?

We’ve had so many couples tell us this, and everytime they end up being absolute rockstars. A lot of our couples have told us we have a calming presence and that they feel comfortable being themselves around us. This is huge, because as we direct you, you’ll actually be able to enjoy the experience rather than worry about being in the perfect position or best angle. We promise we won’t make you do anything that feels awkward, and if it does, we’ll change it up right away. Like I said, we got you!

WE DON’T NEED 10 HOURS OF COVERAGE. DO YOU OFFER LESS?

For our style of storytelling, we prefer to shoot for at least 10 hours. In our past experiences, every time a couple has booked us for only 8 hours, they always ended up adding at least two more hours. If you don’t want us there for 10 hours, that is fine. We’ll spend the extra time shooting the surrounding area. However, our prices remain the same regardless.

DO YOU OFFER A PHYSICAL PRODUCT?

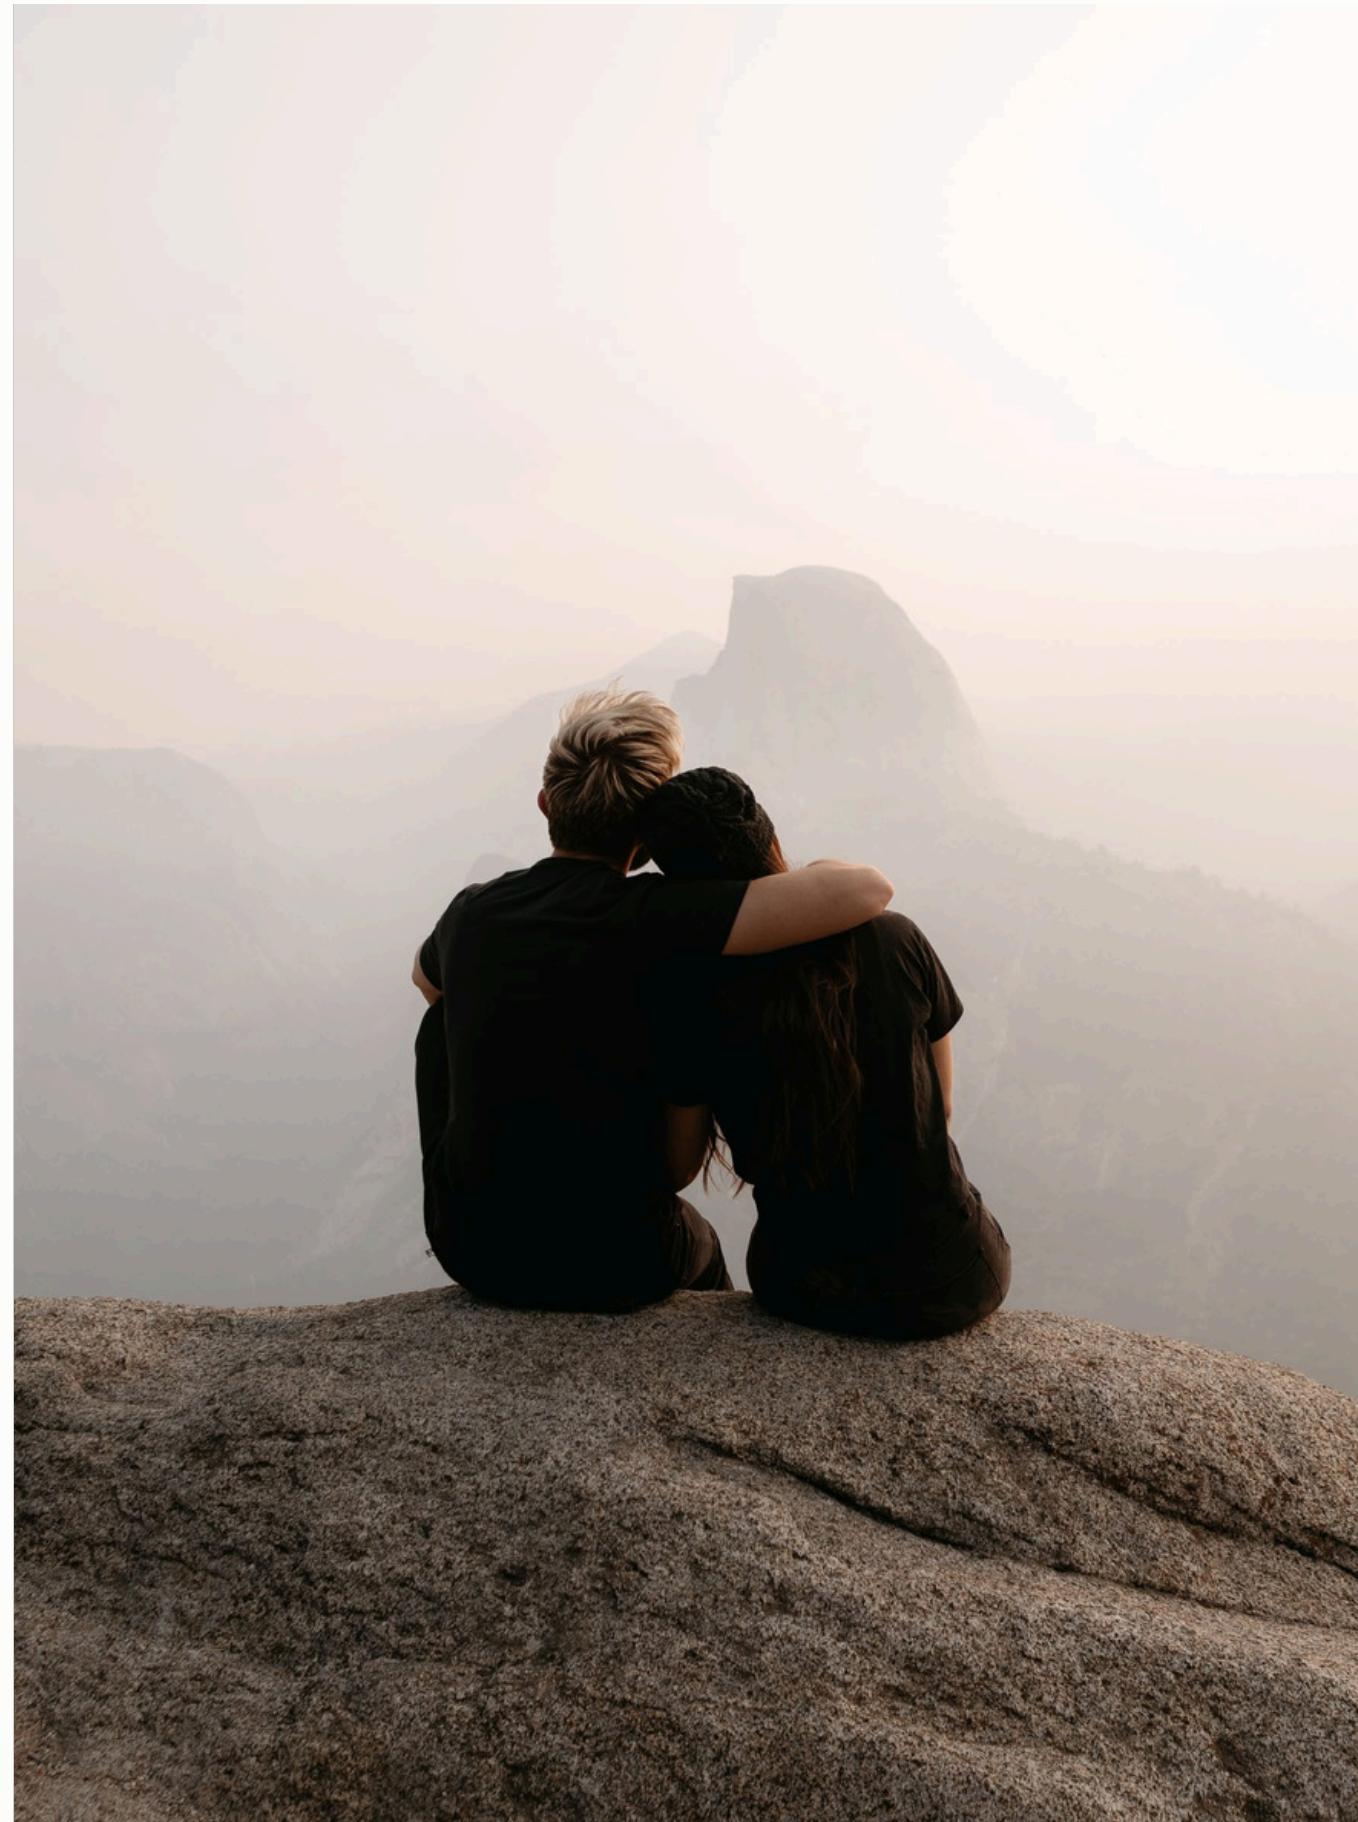

We deliver everything digitally in order to avoid charging you tax on the entire cost. As you can imagine, that can add on an extra \$500 + that we don’t want to impose on you. However, raw footage is delivered via a hard drive. We suggest adding that as an add-on after your wedding to avoid sales tax.

NEXT STEPS

We're so stoked you made it this far! You're excited, we're excited. You're probably wondering what the next step is. Before we make things final, we want to make sure we are a good fit for each other.

Shoot us over an email at **hi@yourlovefilms.com** and we can set up a time to meet up over a drink or Facetime/Google Meet. We can't wait to learn all about you two and your plans for the big day!
